If you watch the video (link above) all the way through, then you'll see the indisputable proof that what they do works.

And if you watch the part about the BLOX Split Pitch System, & look at the results they achieved when they used it, then you'll already know that **BLOX really does cater for everyone**, including complete beginners.

BLOX has been called: Unique, Innovative... **WEIRD...**

Because It Is... Totally Unique.

This Affiliate System... Isn't like anything else...

And it's for these reasons BLOX works so well, and has done for years (since 2017)

Let me recap a little of [what's in this video](#)...

First and foremost BLOX is a unique approach to digital product, affiliate marketing. Unique because...

Using this system enables users to get paid affiliate commission from other people's products, **Which They DON'T Promote...**

Like the \$1003.74 made in 7 days

...promoting a product called Spectra.

[Click here for full details and verified proof.](#)

Or the \$656.92 made in 7 days

...promoting a product called Untapped Traffic.

[Click here for full details and verified proof.](#)

Note: As a user you still sell those products, but you don't actually need to promote them. And yes... the product owners are more than happy for anyone to do this... *see below.*

Publicly Verified Results.

You can view the public posts naming products, showing results and tagging the product owner by [clicking here](#)...

If these product owners weren't happy with what they're doing, we're pretty sure they wouldn't be liking all those posts, or making testimonial videos for the BLOX system like this one from...

Trevor Carr

“Their system absolutely works. They're able to not only send me sales, but also win prizes on my leaderboard using the BLOX system”
